Subject: Gasco EE/CA Review

Hi Sean,

The consensus here is that DEQ cannot turn the document around in three weeks. I am working with the Gasco and Portland Harbor teams to determine an achievable schedule. I will get back to you on this. Jim and I were looking to have a discussion about the review schedule and integration of the review with the Portland Harbor FS review during the TCT this morning but it was cancelled. Is it possible to have a discussion on this prior to the next TCT?
